

## ***ALMOST LIKE BEING AT THE OSCARS!***

Our Feb. 19, 2017 meeting was a journey through great American and Italian film music thanks to Andrea Bocelli ... and Gino Pieretti!

Gino shared a concert video from 2015 which featured the Tuscan tenor at the Dolby Theater in Los Angeles. Bocelli sang songs from famous movies ranging from *West Side Story* to *Life Is Beautiful*.

Our group of 33 enthusiastic OregonTuscans regularly broke into applause and sighs! Gino (upper right) provided some background on Bocelli and his amazing life journey. Thanks for a great program, Gino! And thanks to the our members who served up some award-worthy desserts!

By the way, if you are interested in buying the CD or DVD, they are available at [Amazon.com](http://Amazon.com).
